TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Gilmanton in the County of Belknap in said State, qualified to vote in Town Affairs:
[L. S.]

You are hereby notified to meet at Town Hall in said Gilmanton on Tuesday, the 14th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing, the polls to be opened at 10:15 in the forenoon and to close not sooner than 7:30 o'clock in the evening.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. (\$27,210.00)
3. To see if the Town will vote to authorize the Selectmen to incur debts for Temporary Loans in anticipation of Taxes.
4. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for Civil Defense Organization for the ensuing year, with full realization that should a major emergency be created, more money will have to be used for said purpose. (\$500.00)
5. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) for the maintenance of the Corner Fire Department. (\$1,500.00)
6. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) for the maintenance of the Iron Works Fire Department. (\$1,500.00)
7. To see if the Town will vote to raise and appropriate the sum of Eight Hundred Dollars (\$800.00) to drill an artesian well for the Peaked Hill Fire Department,

and the sum of Two Hundred Dollars (\$200.00) for the installation of a pump for said well. (\$1,000.00)

8. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.00) yearly (until disease is checked) to co-operate in the control of Dutch Elm Disease in our New England Elms. (\$200.00) By Petition.

REPORT OF FOREST FIRE WARDEN

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose locally in preventing fires. The following is offered with the respectful request for publication in your town report.

Sincerely,

ROBERT W. SMITH,
District Chief.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.

3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires	0
Number of acres burned	0
Number of permits issued	191

ROBERT W. SMITH,
District Chief.

RICHARD PRICE,
Forest Fire Warden.

ANNUAL CIVIL DEFENSE REPORT

1960

The State of New Hampshire's Annual Report on Civil Defense continues to show Gilmanton in a relatively favorable position.

This is shown specifically by the amount and type of equipment which has been acquired by the town and its organizations, from "Matching Funds", from "Surplus Property", and the material which has been requested from the Federal Surplus Property, but not yet received. There have also been some substantial gifts from individuals and organizations, which have enabled the town to acquire additional material.

As of now the inventory is approximately as follows:

(1) **Material acquired under "Matching Funds"**: that is, the town pays one-half the cost and the Federal and State Governments pay the other half. The government retains "control and supervision title" to these purchases.

Three (3) Mobile Radios at the Gilmanton Hills Fire Dept.

Three (3) Mobile Radios at the Gilmanton Corner Fire Dept.

One (1) Mobile Radio in the jeep of the Local Civ. Def. Dir.

Three (3) Walkie-Talkie Mobile Radios, allocated as necessary.

One (1) R*A*C*E*S Gonsett radio installed in the Civ. Def. Control Office.

Two (2) Onan "Portable" Generators, with accompanying equipment, to be installed **only** — by law — at the Civ. Def. Control Centre and its alternate location. (These generators may **not** be installed anywhere else; they are **not** available for any other purpose whatsoever, nor to be used by any person or organization except as above and under the direct supervision and control of the Local Civ. Def. Dir.)

(2) **Material acquired under the Surplus Property Plan**: that is, the Town pays a "service charge" which in effect is about what it costs the government to get the material to us. It ranges from one (1) per cent to ten (10) per cent of the actual cost of the items.

Tfo (2) Large Cross Cut Saws.
 One (1) Water purification Unit.
 One (1) Gas Mask.
 One (1) Gas Mask with Bag.
 Four (4) Field Ranges.
 Ten (10) Safety Harnesses.
 Two (2) Wool Overcoats.
 Three (3) Saw-Knife-Shovel Com.
 Two (2) Small Zipper Front Tents.
 Two (2) Wrench Spanners.
 Ten (10) Ponchos.
 Two (2) Cotton Duck Curtains.
 Two (2) Large Cross Cut Saws.
 One (1) Case of Insecticide Bombs.
 Ninety (90) Cots.
 Four (4) Lanterns, Electric.
 One (1) Reel Fire Hose, 1½".
 Six (6) Magnetic Compasses.
 Two (2) Cases Hydraulic Fluid.
 Ten (10) Pairs Lined Mittens.
 Ten (10) Pairs Mukluk Boots.
 Eight (8) O. D. Overcoats.
 Eight (8) Sweaters — Wool.
 Two (2) Large Size Tents without Poles.
 Five (5) Large Meat Grinders.
 Two (2) Water Carrying Bags.
 Two (2) Doz. Honing Stones.
 Ten (10) Machettes.
 Two (2) Revolvers (Police use only).
 Two (2) Hunting Knives.
 Four (4) Additional Gas Masks.
 One (1) Ten-Wheel Federal Truck, Stake Body.
 Four (4) Lanterns.
 Four (4) Tents.
 Six (6) Small Abrasive Wheels.
 Two (2) Electric Lantern Cases.
 Two (2) Bedding Rolls.
 Three (3) Hatchets.

Whenever a list of surplus commodities is sent to the local director he requests from each fire chief his choice of these commodities and they are accordingly ordered. It is suggested that the fire departments should acquire more of the material available, such as cook sets, trailer carts, pneumatic drills, fork lifts, and so on, as they become available.

It has been necessary to go slowly, if constructively, with these purchases, due to the limited amount of money appropriated each year by the town. It is again suggested that more people vote for the larger amounts for Civil Defense purposes.

There has been requested for purchase by the Gilman-ton Corner Peaked Hill Fire Department the following items; for which, incidentally, the Fire Department has guaranteed the money in the form of a gift. They follow:

One (1) Jeep; four wheel drive; any type.

One (1) Jeep; four wheel drive; pick-up truck.

One (1) 1½ ton pick-up truck; any standard make.

One (1) Emergency hospital type generator; preferably mobile.

One (1) 500 Gal. Tank Truck.

One (1) Deep well pump, either Jet or Duro type.

The money necessary for these purchases is very little; but the actual amounts are never known until the items are available. Inasmuch as many towns in New Hampshire have put in for similar products, the chances are that it will be some time before these items are available for us.

Each fire department has agreed formally and in writing to provide at least one ten (10)-man team for Civil Defense or other drastic emergencies, to go anywhere in the country, and to provide its own transportation.

There is ready for presentation to the proper women's organizations in the town a new plan for home "disaster preparations". Gilman-ton is the first town in the state to be asked to handle this plan. Consequently, considerable study has been given to the selection of the group of people who will be responsible. The Gilman-ton Corner Fire Sirens have applied for and been tentatively selected for this work, but will need the assistance of other organizations.

To give you an idea of the relative amounts of material purchased by towns similar to Gilman-ton, there is at the end of this report a list of such towns and the amounts which they have purchased. Inasmuch as Gilman-ton began acquiring material even before these lists were made up, it may be assumed that our totals are somewhat greater overall than shown in those lists.

In order that everyone may understand the regulations surrounding the acquisition and use of these items, and by whom, here are some of the latest directives to come out of the Concord State headquarters:

Jan. 1, 1961

New Hampshire Civil Defense Agency,
64 South St., Concord, N. H.

"Local Civil Defense Directors are accountable for all surplus property issued to their towns and cities. They should (1) maintain a complete inventory of all property, (2) where it is located, and (3) its condition.

"In cases where possession of surplus equipment by individuals or organizations (such as feeding stations, fire departments, officials) is necessary because of circumstances benefitting Civil Defense organizations, a "custody receipt" should be obtained and kept until the equipment is returned. Membership in a Civil Defense organization **does not give any individual any right to donated property or its issue, except as authorized for Civil Defense purposes.**"

From State Civil Defense Headquarters on December 1, 1960:

"Local Civil Defense Directors are responsible for all articles acquired under the surplus property program. They should make sure that Civil Defense personnel understand that the articles issued to them are the property of the Civil Defense Organization and to be used only for Civil Defense purposes."

Another in the same vein, dated May 20th, 1959:

All property acquired through Civil Defense **Matching Funds** or surplus property program must be **immediately** available for Civil Defense use. Further, all such property must be marked as Civil Defense equipment."

Oct. 23, 1959 — they put this in capital letters — "YOU CANNOT UNDER ANY CIRCUMSTANCES SELL, TRADE, OF OTHERWISE DISPOSE OF DONATED SURPLUS PROPERTY WITHOUT THE PRIOR WRITTEN APPROVAL OF THE N. H. DISTRIBUTING AGENCY AND THE CIVIL DEFENSE AGENCY."

"Every warehouse sheet carries this (the above) certification over your (Loc. Civ. Def. Dir.) as well as a certification that the property is needed and usable for Civil Defense within the State. If you find that you have Federal Surplus property that is not needed or usable, either in whole or in part, you are required to report this fact to this agency and we will make a disposition of the property for you." (This means that if either fire department has material from Civ. Def. which they cannot use, they are required to notify the loc. civ. def. dir. and deliver these items back to him, and he'll get your money back!)

As a matter of general interest, the regulations for the housing of evacuees has been changed slightly; we are required now to get and to house only as many people as are

already living in the town (about 800) instead of three times that number.

The danger of real trouble is getting stronger and closer. That does not mean that we **shall** have trouble, but it does mean that we are more **likely to have it**; and that as a result we have to be more energetic in spreading the word to ourselves and accepting the fact that we had better get as prepared as we can, **while** we can. There is no disposition here to over-emphasize the possibilities, but everyone who reads the newspapers or listens to radio and T.V. can hardly fail to be aware of what's going on in the world and how it might affect us.

The people of Gilmanton are as intelligent as anybody else, and as aware of the situation. In fact, many of them have asked the undersigned what we can do to move a little faster in our preparation. Well, we can use plenty of available volunteers, and they are urged to identify themselves. Just as much do we need the money to buy the matching fund and surplus items which can be so valuable. That could be done at this year's town meeting.

Here is the set-up of property from some of the various towns in the state, together with our own figures.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Citizens:

The two schools use the same textbooks for basic subjects so that books may be exchanged as enrollment requires. The schools have a television set in each school to take advantage of the educational programs over Channel 11 at the University. This past spring a new motion picture machine was made available. The federal government through the National Defense Education Act provided half the costs for the television sets and the film projector.

The enrollment in the two schools remains the same and there is no indication in the census projection to show a growing need of additional classrooms.

The State Board of Education is now advocating a program of increased foundation aid, incentive aid, school building aid, and school transportation aid which would be of tremendous assistance to Gilmanton taxpayers and also greatly improve Gilmanton education.

Some high schools of the area are planning to move civics, general science and elementary algebra for the bright pupils from the ninth grade to the eighth. These pupils will then take college courses in science and mathematics during the senior year.

I wish to express my appreciation to the members of the School Board, the teachers, the cafeteria workers, the Parent-Teacher Associations, the bus operators, all parents and citizens, and all civic groups and citizens who have co-operated to make the school system a constantly improving force for better education for the children of Gilmanton.

Cordially yours,

GORDON L. FOX,
Superintendent of Schools.
